3	<p>Research and gather materials.</p> <ul style="list-style-type: none"> • Coral reefs have all different shapes, sizes, and colors. Look up some photos to inspire you as you gather materials. • Look around your house and outside for items with different shapes and, most importantly, textures. <p>TIP: Don't discount an object just because it doesn't look like coral. You can always cut, paint, and glue objects together to create your vision.</p>		<input type="checkbox"/>
4	<p>Create the base and plan your composition.</p> <ul style="list-style-type: none"> • Cut a large shape out of cardboard to serve as the base of your artwork. This is where you will glue your other objects. • Arrange the objects onto the base until you find a composition that you like best. • Don't glue anything down yet. <p>TIP: The base of your artwork does not have to be rectangular. Get creative!</p>		<input type="checkbox"/>

5	<p>Create coral.</p> <ul style="list-style-type: none">• Cut and/or combine your found objects to look like items found in a coral reef.• Add color to your objects with paint or your material of choice before gluing them down. <p>TIP: Not every piece of your artwork has to represent coral. Consider creating other things you might find in a coral reef.</p>		<input type="checkbox"/>
6	<p>Build a coral reef.</p> <ul style="list-style-type: none">• Glue down your colorful objects.• Consider VARIETY. Spread out larger objects when gluing and fill in the gaps with smaller textured pieces. <p>TIP: Colored, crumpled paper and painted sticks or mulch are great for filling in the space between larger objects.</p>		<input type="checkbox"/>
